INFORMATIVE

1. The applicant/developer is strongly advised to ensure compliance with all planning conditions, if any, attached to the decision. Failure to do so could result in LEGAL action being taken by the Ashfield District Council at an appropriate time, to ensure full compliance. If you require any guidance or clarification with regard to the terms of any planning conditions then do not hesitate to contact the Development & Building Control Section of the Authority on Mansfield (01623 450000).
2. The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to The Coal Authority on 0845 762 6848.
Further information is also available on The Coal Authority website at www.coal.decc.gov.uk
Property specific summary information on past, current and future coal mining activity can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com
3. The applicant should note that notwithstanding any planning permission that if any highway forming part of the development is to be adopted by the Highways Authority, the new roads, footways and any highway drainage will be required to comply with the Nottinghamshire County Council's current highway design guidance and specification for roadworks.
 - a) The Advanced Payments Code in the Highways Act 1980 applies and under section 219 of the Act payment will be required from the owner of the land fronting a private street on which a new building is to be erected. The developer should contact the Highway Authority with regard to compliance with the Code, or alternatively to the issue of a Section 38 Agreement and bond under the Highways Act 1980. A Section 38 Agreement can take some time to complete. Therefore, it is recommended that the developer contact the Highway Authority as early as possible.
 - b) It is strongly recommended that the developer contact the Highway Authority at an early stage to clarify the codes etc. with which compliance will be required in the particular circumstance, and it is essential that design calculations and detailed construction drawings for the proposed works are submitted to and approved by the County Council (or District Council) in writing before any work commences on site. Correspondence with the Highway Authority should be addressed to Mr Peter

Evans (Principal Officer - Highways Development Control) on 01623 520733 or via email on peter.m.evans@nottscc.gov.uk

The development makes it necessary to construct vehicular crossings over a footway of the public highway. These works shall be constructed to the satisfaction of the Highway Authority. You are, therefore, required to contact the County Council's Highways Area Office tel. 01623 520738 to arrange for these works to be carried out.

It is an offence under S148 and S151 of the Highways Act 1980 to deposit mud on the public highway and as such you should undertake every effort to prevent it occurring. The applicant should note the type and scale of development may trigger the requirement for contributions to provide for the extra demand on highway assets and infra-structure. You are advised to consult NCC Planning Contributions Strategy (March 2007 rev 2010)

<http://cms.nottinghamshire.gov.uk/home/environment/planningmatters/planningcontributionsstrategy.htm>

The applicant's attention is drawn to the requirement to pay commuted sums. This will apply where the Highway Authority is expected to adopt non-standard material or over & above what is normally required for operational and safety requirements.

http://www.leics.gov.uk/index/6csdg/highway_req_development_part4.htm#sectionmc18

4. The Crime and Disorder Act 1998 places a responsibility upon the Local Planning Authority to consider the implications of crime in its decisions and to this end we work with the police in respect of planning and design issues. We wish to encourage the adoption of the Association of Chief Planning Officers 'Secured by Design' scheme on future developments, wherever possible, as a means of reducing the opportunities for crime and disorder. You are therefore advised to contact the Police Architectural Liaison Officer (tel. 0115 9672617) to discuss your proposal in relation to such.
5. This permission shall be read in conjunction with an Agreement made under Section 106 of the Town and Country Planning Act 1990 and dated <<...>>.
6. The scheme should incorporate Sustainable Urban Drainage systems. Please contact the Environment Agency for further information on 0115 8463654.
7. If a soakaway is used, it shall be sited at least five metres to the rear of the highway boundary, in the interests of highway safety.

For further detail on the decision please see the application report by contacting the Development Section on 01623 457388.
